AUTO KILLS SON OF MR. AND MRS. DOSS JAMES

Four-Year Old Tot Run Down Near Home in Pittsburgh

DEATH COMES SUDDENLY

Child Dies on Way to Doctor's Office—Mother Sees Fearful Tragedy

Run down by an automobile as he was on his way with his mother to a picture show, William James, aged 4 years, the son of Mr. and Mrs. Doss T. James, of 3811 Dawson street, Pittsburgh, was killed Monday night. The child was taken in an automobile to a doctor's office immediately but death had claimed a victory before the office was reached. Mr. and Mrs. William S. James, of Charleroi, grandparents of the child left Monday night for Pittsburgh, having been summoned.

The boy started across the street just ahead of his mother and walked directly in the path of a heavy touring car that was driven by Frank Kunkel. The driver tooted his horn, it is stated and the mother shrieked at the same time. The boy became confused and stood motionless while the car bore down upon him.

The mother gathered the child in her arms, and Kunkel, who had brought his machine to a stop, hurried the two to the office of his brother, Dr. H. W. Kunkel, on Forbes street, but the boy died on the way from a fractured skull.

Kunkel was arrested at the doctor's office by Commissioner Thomas F. Carroll and policeman William Chellis. He was later released on \$1,000 bond.

Mr. James the father of the boy is a former Charleroi young man and the son of W. S. James, manufacturing superintendent of the Macbeth-Evans Glass plant. Mrs. James, the mother, is the daughter of Mrs. F. Conway of Fallowfield avenue, who also has been summoned to Pittsburgh.

Arrangements have been made to hold the funeral tomorrow afternoon at 1 o'clock from the late home. Interment will be in the Southside cemetery.

Fast Trolley Freight Service.

Merchants of Charleroi and vicinity who buy their supplies in Pittsburgh are missing a golden opportunity if they do not avail themselves of the daily fast freight service of the Pittsburgh Railways Company. Goods ordered in the morning delivered the same day. Write M. F. Metcalf, general freight agent, Pittsburgh Railways Company, Pittsburgh, for rates and further information.

Mystery at Monongahela

Body of Babe Found in Pigeon Creek by Boys When They Go Fishing

When Bud Romit, a boy of 16 years and three other lads of his age cast their fishing lines into the waters of Pigeon creek, near the street car bridge to the south end of Monongahela this morning, they noticed a white object. Investigating they found the body of a poorly formed infant.

They picked up the body of the dead infant and placed it in the care of Alderman Wiper, who in turn saw to it that it was placed in the hands of Bebout and Yohe, undertakers, and Coroner James T. Heffran notified. The body is 10 inches long. Much mystery surrounds the find.

MARSHALS TEAR DOWN THE TENTS

Such is Word That James Oates Hears From Colliers, W. Va.

MINERS ARE SUFFERING

James Oates, of Charleroi, an organizer for the United Mine Workers of America, who has been working in the Colliers, W. Va., field, received word at his home here this morning that at 10 o'clock United States marshals, had visited the camp of the miners at the strike zone, and had torn five tents down and pitched them into the creek. Mr. Oates had established the tents there on ground rented, he says, from a man by the name of Myer Schwartz. Schwartz, according to Mr. Oates was sentenced to jail for 60 days for renting the ground, but managed to get out on bail after three days and now has an appeal to the circuit court.

Thirty-three miners were housed in the five tents, this being their only home.

The strike has been in progress at Collier Station for seven months, and at the present time, Mr. Oates says, not one miner is working. Organizers for the United Mine Workers of America are not permitted to go to the region until April 13, and they go only to receive whatever sentence the court has to bestow upon them, if any, for alleged violation of an injunction. But miners refuse to leave the section, and according to Mr. Oates it was to forcibly eject them that the marshals were called into service today. The ground where the tents stood it appears was leased by Mr. Oates until July 9.

WILL PLAY BIG GAME ON PITTSBURG FLOOR

Thursday of This Week Is The Date Set For Championship Struggle Between Monongahela and Charleroi High Schools

Trees gymnasium in Pittsburgh is to be the scene of the third game of basketball between the Monongahela and the Charleroi high school teams. Thursday evening of this week will be the date for the struggle which will determine the championship of the Monongahela valley and Washington county.

Prof. Thomas L. Pollock, superintendent of the Charleroi schools and Prof. R. G. Dean, superintendent of the Monongahela schools settled upon the place and date this afternoon. It had been previously agreed to play at Trees gymnasium, if a date suitable to both schools could be secured. The game will begin at 6 o'clock in the evening.

The best of officials will be secured. Free Davis, a referee who officiated in the Peabody-Butler high school game has promised to referee.

Trees gymnasium is the gymnasium used by the University of Pittsburgh for their basketball games. It is located out near Forbes field and has a good floor and excellent accommodations for handling a crowd.

Both teams will get down to hard work this afternoon for the game. Monongahela under Coach Crane and Charleroi under Coach Lorrimer.

TWO HONORED BY ROSCOE MEN WITH BANQUET

The Hotel Roscoe, at Roscoe, of which A. H. Furlong is the proprietor was the scene of a merry banquet on Monday night given by members of the Masonic fraternity for Nelson McKenna and Leroy Smith, two Roscoe citizens who are leaving shortly for East Palestine, Ohio, to enter business.

F. W. Allison was the toastmaster for the occasion. Those present were: E. L. Collier, E. F. Spahr, John Dixon, William Gullie, Robert Parkins, Seth Thomas, John Lee, Isaac H. Stephens, John W. Stephens, A. F. Conway, Henry Biles, Alvey Hamilton, Carl Hamilton, William Binkney, J. H. Underwood, John Black, A. J. White, F. W. Allison, W. A. Furlong, Hugh Young, Henry Abbott, W. M. Simpson, W. J. Estep, A. H. Furlong, Nelson McKenna and Leroy Smith.

Proprietor Furlong put up a sumptuous repast for the occasion. The tables were decorated beautifully and carnations and roses were the favors.

REV. EDWIN BEVIER OF FAYETTE CITY TO WED

Announcement has been made that Rev. Edwin D. Bevier of Fayette City will wed a Johnstown lady in April, the bride to be Miss Annie Moses. They are now receiving congratulations from their many friends.

MARY PICKFORD AT THE COYLE AGAIN TONIGHT

One of the greatest human interest photoplays ever displayed is "Hearts Adrift," in which Mary Pickford stars, which was at the Coyle Theatre yesterday, and is repeated again this afternoon and evening. All the action and setting are in the open, and the plot is gripping with human interest throughout the entire four parts.

PIPE TONE ORGAN IS INSTALLED IN CHURCH

One of the finest and most powerful reed pipe-tone organs manufactured arrived in Charleroi from Chicago last week and was installed in the French Presbyterian church, on Crest avenue. The organ was heard for the first time on Sunday, and the members of the congregation were delighted.

MONESSEN MAN IS APPOINTED TO POSITION

Dr. M. J. Cramer of Monessen has received an appointment as Inspector of Midwifery under the Bureau of Medical Education and Licensure of the state, of which Dr. Nathan C. Schaffer is secretary at Harrisburg. The appointment comes to Dr. Cramer as a recognition of his work as director of the Monessen state tuberculosis dispensary for the past five years. Hence he will direct both departments.

This move on the part of the state marks the beginning of an important advance in this phase of practical medicine, for it tends toward the conservation of human life at a most critical period in the life of the individual.

The territory covered by this appointment stretches from Milesville to Brownsville, taking in twenty six towns including Donora, Monessen and Charleroi.

Dr. Cramer will send out notices to every midwife to report to him and secure their certificates to practice and in the future they must report the arrival of every child within forty-eight hours after birth. The policy to be pursued will be to elevate the standard of the profession by exercising a watchful eye and helping hand.

BAPTIST PEOPLE WILL HOLD RALLY

A rally of the sixth group, B. Y. P. U. of the Pittsburgh Baptist Association will be held in Charleroi on Tuesday evening, and a number of visitors are expected from the various churches comprising the association. There will be three speakers here from Pittsburgh for the occasion.

TWO ROAD CONVENTIONS SCHEDULED NEXT MONTH

The eighth annual convention of the Washington County Supervisors association will be held in the public meeting room of the court house Wednesday, April 8. The executive committee of the association met in Washington Saturday and prepared a program for this convention. The state has also arranged for a road meeting for Washington county for the same day and the two meetings will be held jointly.

STRIKE SITUATION IS GROWING COMPLICATED

Testimony in Divorce

Witnesses Heard at Washington in Proceedings From Charleroi

Testimony has been filed at Washington in the divorce proceedings of George Landrin of Charleroi, who charges his wife Mary Lomotto Landrin, with whom he has lived a year and 11 months, with cruelty. They were married December 31, 1910. He says his wife told him that he would have to look after her people, but that he had to regard his own people as though dead. They have one child, a boy, and the father says the mother abuses the child, striking him, giving him a drug to make him sleep and refusing to care for him as a mother should. Those testifying were Florent Landrin, father of the libellant; Victor Bouvier, of Charleroi; Mrs. Jennie Rodgers, Charleroi, and Mrs. Florent Landrin, mother of the libellant.

DON'T EAT WHEN YOU ARE TIRED

That is What Commissioner Dixon Advises and He Ought to Know

LETTER ON "FATIGUE"

In his latest talk on Health Hygiene Samuel G. Dixon, commissioner of health discusses "Fatigue."

"Everyone has been many times exposed to contagious diseases which they have not contracted," says Dr. Dixon. "This has been due, not to the fact that the contagion was less virulent but because the natural resistance of the individual was sufficient to overcome it. This natural resistance to disease is usually proportioned to the physical well-being of the individual."

"Avoid fatigue. It is all too often the forerunner of disease. When one has indulged in unusual physical or mental exercise and becomes tired this physical resistance is greatly reduced and the susceptibility to disease increased in proportion."

"One of the most common abuses to which we subject ourselves is that of eating when we are fatigued. For domestic convenience it is necessary to have meals at stated hours. In the evening men and women go home exhausted after their days work. In the majority of instances they have made the trip in an ill ventilated train or trolley which adds to their depression. They arrive just in time to sit down to the table and regardless of

Industry Along Valley Suffering From Trainmen's Walk

BROTHERHOOD OP

Railway Men's Organ Makes Statement, So Railroad and So Do

General suspension of many larger industries of the upper Monongahela valley are looked to event that the present strike continues on the Mon division, Pennsylvania Railroad strike situation has grown complicated. Opposed by the Brotherhood of Railway Trainmen, the nevertheless determined their issue, in an endeavor recognition from the railroad other hand the railroad Brotherhood of Railway Trainmen standing together in an effort to secure some adjustment.

Today the railroad issued a statement explaining its situation and employees who had been on the division because of business to return to work of the ones who voluntarily this end the protection of a labor organization, the Brotherhood of Railway Trainmen.

Meanwhile the trainmen are hinting at the formation of other organizations. At Pittsburgh Monday evening the trainmen protested from their union headquarters to the rank and file railroad employees to aid their movement to prevent one of the brakemen in crew.

An organization was being formed in the independent movement, a head selected the men, a strike committee and a selection of permanent headquarters is to be made.

An official statement given out that there are 822 conductors on the roster of the Monongahela division of whom 100 do not coincide with this in appearing according to the trainmen that not more than 100 on strike.

Part of the Donora steel mill has been forced to close down to word that has been received down the river, and other plants will be forced to follow example in a day or so if not forthcoming. However, that the Pennsylvania Railroad to put on men to take the place of those who struck and maintain vice.

One of the regrettable things connected with the strike is the through it some of the men, been in the service of the for years and years, entitled with but a little more service, are on strike, and if not return to work at the of the company soon, they all that they have gained pensions in the years past, one matter that some are to consider. Engineers and passenger trainmen are to not be in sympathy with strike, but are standing by of the Brotherhood of Trainmen as correct.

DAYTON'S PLAN.
The city of Dayton, Ohio, which
has been having trouble with its
management, has adopted a new
plan which went into effect the first
of the present year, and is destined
to attract wide attention among civic
leaders in all parts of the country.
The new plan is a commission
of government with a town man-
ager in charge.
The inauguration of this plan of govern-
ment was a new city charter was adopted.
The commissioners were elected.
The employees in minor positions
were placed under civil service, and
the town was taken out of politics.
The first day of the new plan was

ELECTRIC SPARKS
The first place the voters
of a commission. The commis-
sion corresponds to the board
of directors. The directors elect
the boss gets \$12,500 a
year. That sounds like a big salary,
but it is calculated to hold a good
man in place and give no excuse for the com-
mission on hiring a poor one. The com-
mission handles the lawmaking and
the city. The boss, or as he is
called, city manager, handles the
executive end.
The city management appoints the
heads of departments. He can go
where he wishes for them. He
himself was called from Cincinnati.
He had been city engineer, to
the job of managing Dayton.
City affairs are to be managed
on a purely business basis, and no
one can get a city job because of a
political pull. Efficiency will be the
standard of service, and it is expected
that a big public saving will be ef-
fected for the taxpayers, besides very
materially increasing the efficiency
and scope of the public service.

The commission form of govern-
ment for municipalities is gain-
ing rapidly. In many of the states the
commissions have been amended to
include a wider scope. In
Pennsylvania the commission form of
government has made some progress,
and is granted by legislative enact-
ment in a limited form to cities of
second and third class. It will
be a constitutional revision how-
ever to give full scope to the system
and make it effective in borough and
city government where it is not

PUBLIC DUTY.

Every business man owes a duty
to the town in which he does busi-
ness. As it is the town which af-
fords him the opportunity—gives him
the privilege in fact—it is his duty
to help make time in the town
the town. In order to take care of
the vested interests and maintain
real estate values, the town must
be able to extend to business trans-
actions, the town should have a certain
amount of progress each year. More
houses must be built more people
must be employed in the town
and the town must be able to attract
people and new industries quicker
than a dead one. A live town is one
in which all the business people are
able to extend their trade
and give their business publicity.
The town is the only way to attract
attention. The town whose
business people do not advertise soon
becomes known for its high and un-
equal taxes and lack of progress.
These are the towns that eventually
have to be "doctored." An ounce of
prevention is worth a pound of cure.

PICKED UP IN PASSING

All sorts of scientific problems are
being solved these days, but none of
the scientists appear to be paying
much attention to the one great ques-
tion that is bothering Christ Long, of
Dubois, according to a correspondent
from that town to the Philadelphia
North American. Christ is a baker
and a good one, and one afternoon
while he was making doughnuts a lad,
who always managed to be on hand
when the doughnut baking was going
on, drop into the shop.
"Why don't you make the hole big-
ger," suggested the boy to the baker
"it wouldn't take so much dough."
"This little hole from the lad was
enough to set Long to thinking, so at
the next batch the holes were made
larger. Then another visitor, noticing
the increased size of the holes, said:
"What do you make the holes so
large for, Christ? It takes a lot of
dough to go around those big holes."
Christ has never been able to figure
it out, so he would like to hear from
some scientist as to the real economy
of doughnut baking, large or little
holes.

According to another scientist the
recent baseball inventions include a
sliding pad to be used upon the bat-
man after he reaches first and a
catcher's mask "with a special open-
ing through which the catcher may
expectorate." This is undoubtedly de-
signed to aid those backstops who
give the signals with tobacco juice,
one jet for a straight ball, two spurts
for a curve and a deluge for a float-
er.

Railroads of the country will col-
lect about \$10,000,000 extra money
this year because of the parcel post.
Now then let's hear them yell that
it isn't enough.

A New York preacher says Billy
Sunday is no "pneumono-chlamydia."
That's just like some preachers, to
try to speak some foreign language
when they are lost in their own.

It necessitates embarrassing delay
in Mexican hostilities when the moving
picture man is late.

Eventually perhaps we will get
down to the practice of serving tea
at political rallies.

In a city where competition is keen
wonder how an undertaker ever gets
buried. Or is it possible he never
dies.

There are more important things
in life than money, but it usually
takes the coin to find them.

Some people think 1913 was an im-
portant year because superstition failed
to gain a victory.
No advance prognostications have
been handed out concerning Easter
weather, but it is a safe bet that if
the weather man gets his say—he's
a married man—that it will be a fine
day.

**METHODIST WOMEN
ARE ENTERTAINED
BY MRS. H. J. BOOTH.**

The Women's Foreign Missionary
Society of the Charleroi M. E. Church
met at the home of H. J. Booth on
First Avenue Monday afternoon. It
was an open meeting and largely at-
tended. Miss Kuntz of Washington,
district secretary, was present and
made an address, telling of the work
and progress of the society in the
district. The feature of the meeting
was an address by Miss Santee, a mis-
sionary in Japan who is back to this
country on furlough. Miss Santee
told of her work and experiences in
Japan, in a highly interesting and
entertaining manner. Another inter-
esting feature of entertainment was
a selection by Rodeheaver, Billy Sun-
day's singing evangelist, on the Victrola.
Miss Mary E. Walters gave
two select readings, and Miss Ethel
Hawthorne sang two selections. The
regular thank offering was taken.

**MEYERS OF TOLEDO
FIRST CHARLEROI
PLAYER TO SIGN**

The first player to be announced
as having signed with the new Char-
leroi team in the Pa. W. Va. league is
Outfielder Meyers, of Toledo. Presi-
dent Paul Wreath writes from his
home in New Jersey that Meyers is
a man who has been playing in and
about Toledo with independents. Last
year he was with the Toledo Inde-
pendents. He hit at a .340 clip and
fielded .984, which almost any person
is forced to admit is pretty good.
Sommers of the Cleveland Naps made
Meyers an offer recently, but Manag-
er O'Day of Charleroi was already
on the job. Knowing O'Day's reputa-
tion for developing and sending
young players to the big leagues,
Meyers is perfectly well satisfied with
his berth.

Today is the day set for a meet-
ing of the new league in Uniontown,
at which time it is proposed to take
up the matter of a schedule for the
season.

**RAILROADS REPORTS
SHOW THAT WOMEN
ARE STOCKHOLDERS**

Reports just compiled show that the
Pennsylvania Railroad company on
March 1, 1914, had 89,312 stockhold-
ers. Of this number 42,971, or 48
per cent, were women.

Thirty thousand and sixty six—
practically one-third—of the stock-
holders of the Pennsylvania Railroad
live in the state of Pennsylvania. Ap-
proximately 15,000 live in New York
and 16,696 live in New England. Fore-
ign countries have 11,752 of the stock-
holders.

The Pennsylvania Railroad system
has just issued its annual Record of
transportation lines. It shows that
the company has 11,729 miles of line
and 26,198 miles of track. The system
has 430 miles of four-track railroad.

The Pennsylvania now operates in
thirteen states and the District of
Columbia, where more than half the
population of the United States lives.
In these thirteen states it has, in addi-
tion to its 11,729 miles of line, 3,717
miles of second track, 821 miles of
third track and 9,298 miles of side
tracks, every mile of it built to en-
able the System to expedite the move-
ment of freight and passenger trains.

**"MERCHANT OF VENICE"
COMING TO COYLE**

Shakespeare's famous masterpiece,
"The Merchant of Venice" is to be
shown at the Coyle theatre on Wed-
nesday night in four parts. The play
is produced on a magnificent scale,
with particular attention to details.
It abounds with good acting and the
strong scenes are made more strong
by a capable cast. In moving pictures
this famous old drama is more pic-
turesque and can be better produced
than on the legitimate stage. Man-
ager Coyle assures his patrons a meri-
torious attraction.

Advertising

THERE once was an assumption that men who advertised
were fraudulent in their intents, hence arose the idea that
advertising was unethical and this fallacy still obtains in
the traditions of a few certain societies and professions.

COMMONSENSE people all now recognize the value of letting
the public know who you are, and what you have to offer
in the world in the way of commodity or service.

WHEN we speak of advertising we speak of the most powerful
force that acts today in the world of business.

THE American people form by all odds the best educated and
most open-minded public in the world. All they want is the
truth, and when get that, they act clearly, logically and some
times with surprising speed.

THE public wants to know the facts. It wants the facts about
a kind of shoe or a brand of flour. It wants to know the
kind of stuff that goes into a suit of clothes or a package of
crackers.

The One Thing Above All Others The Public Demands is Publicity

It has learned to be very skeptical about any event that occurs
in the dark.

DO not keep your light under a bushel and create the opinion
that you are no longer in business. Let the people know
what you have to offer to them.

TO PENNSYLVANIA TRAINMEN

Owing to the necessity for curtailing expenses due
to the increases of transportation charges and to a
decrease in traffic, the PENNSYLVANIA RAILROAD
has in the past few months made every reduction in forces
that it could and still maintain its standard of operation.

Because four men were laid off in one yard of the
Monongahela Division a number of trainmen and conduc-
tors have left the service.

In view of the unwarranted action of these employes
W. G. Lee, President of the Brotherhood of Railway
Trainmen has issued a general letter to all of the
members of that organization employed on the Pennsyl-
vania Railroad, telling them that these Monongahela
Division men have left the service without the sanction
of the organization and that those trainmen who have
been furloughed on the division because of decreased
business of the Railroad should take the positions vacated
on the Monongahela Division.

MANAGER HANK O'DAY IS MAN OF EXPERIENCE

President Paul B. Wootch of the
Charleroi team in the new Pennsylvania-
West Virginia league, believes
that the Charleroi team will be one of
the best managed in the league. He
writes the following to the Mail:

"Hank O'Day, playing manager, is
hot on the trail of a left handed
pitcher in Toledo. It may interest
the fans to know that O'Day has quite
a string of players in the big league
to his credit. Such men as Pitcher
Zmick to St. Louis, from Marion, O.;
Burke to Brooklyn from Marion;
Laudermill to St. Louis from Marion;
Ill.; Gray and Smith to Pittsburgh, al-
so Webb, Eisard and Tate will rep-
resent him.

"He has sent Goulait to the Giants,
Parsons to the Yankees, Brown to St.
Louis by way of Columbus, Ohio,
Gasper to Cincinnati; Lank to the
White Sox and later from Wausau,
Wis., Merz, Hixon and Asenfelde to
Indianapolis; Holmquist and Hancock
to Toledo; Catcher McKee to Detroit;
Catcher Blackburn to Pittsburgh, now
at Cincinnati; Wilson and Hurlley to
the Giants; Reilly to Louisville, Mc-
Carty to Indianapolis, Groh to Cin-
cinnati, Phelan to the Cubs, Staley to
the Athletics; Wolfe and LaRue to
Columbus; Outfielder Veatch to Detroit,
Kerler to Columbus, Charnell to New
York Americans and Farrenh and
Williams to the Giants.

"This is pretty good for any man-
ager. O'Day expects to develop and
send more good men to the big
leagues from Charleroi. He will have
a better chance than ever before,
from the reason that he will have ab-
solute charge of the ball players on
and off the field and will have just
one man to answer to instead of a
board of directors.

Banquet and Musical.

Donora Has Ladies Band.

If present plans are carried out Do-
nora will be in a class all by herself
in the Monongahela valley, for a new
novel organization has made its ap-
pearance in a ladies brass band. An
organization has been formed with
these officers: President, Hazel Wil-
son; vice president, Helen Davis; sec-
retary, Christian Mayer; treasurer,
Florence Bands; leader Elizabeth
Mayer; assistant leader, Ethel Wil-
son; director, Charles W. Seighman.

At the start of there are 15 mem-
bers but others are expected to join.
Band practice will be held regularly
and when the workingmen's outine
takes place this summer the first pub-
lic appearance is to be made.

HANNA'S KINDLY DEED

LEADER'S HEART WAS TOUCHED
BY SMALL GIRL'S MISERY.

Daughter of Politizal Foe, With Whom
He Had Had a Bitter Fight, Se-
cured Pardon for Her
Convict Father.

We had in prison a man I call David-
son. He belonged to an opposing po-
litical faction, which Hanna had
ousted. The Hanna men found ir-
regularities in Davidson's conduct of
public affairs and he got five years.
When I grew to know him, he discus-
ed his case with me. As many Ohio
people suspected, he was the scape-
goat of his gang—the more guilty men
"escaped." Davidson had a quiet little
daughter about thirty years old who
came in, scared half to death, every
visiting day. And once when she ap-
peared to me for a parent Hanna stood
in the office.

"Who's that?" he asked.
"Davidson's daughter," I replied.
He followed her with his eyes.
"It's a shame to have her coming
here," he said.

I was always pleading the cause of
convicts who had not received a square
deal, and I took this opportunity to
speak for Davidson.

Senator Hanna seemed scarcely to
hear me. He kept looking off toward
the door, and he said something about
a pardon.

"That would be a generous thing to
do," I said; "he's been a political
enemy."

"For that," said the senator, "he
could go hang. It's the little girl
there." He choked, and I saw that his
eyes had filled with tears. Suddenly he
started for the telephone saying:
"Hold her when she comes back." He
called up the governor's office. In as
natural and matter-of-fact way as
though he were buying a collar he or-
dered a pardon for Davidson. "Send it
over here at once," he added.

When the little girl returned to the
gate, her eyes bleared from crying.
Mark Hanna engaged her in conver-
sation. He had her laughing as a
runner entered and handed him an
envelope.

Here's something for you, my dear,
he said after he had opened it—"a par-
don for your father."

It was a minute before she under-
stood, but when I left them she had
thrown her arms about his neck and
they were both crying. —Will Irwin in

To Open Safe With Trumpet.

To make locks burglar proof by
abolishing all locks, keys and keyholes
Thorne Baker of London utilizes the
well-known sensitiveness of a tight-
stretched wire to respond to its own
musical note. The wire is in the safe
to open it one must blow a trumpet or
sound a tuning fork in the precisely
correct key. The wire is connected
with an electric battery. When the
note is sounded the wire vibrates and
turns on the current which operates
the locking mechanism.

As a greater safeguard, Mr. Baker
puts three wires, tuned to three dif-
ferent keys, and each operating a lock.
So it is necessary to sound three dif-
ferent notes on the Jingle, trumpet
organ or tuning fork in order to open
the safe.

The one evident objection to this
locking apparatus is that one or more
of the wires might get out of tune in
which case the safe could not be open-
ed until the right key was found.

Steamer Wrecked in Hay Field.

The remains of an excursion steam-
er may be seen in a hayfield 300 feet
above the Lake of Loos, in Norway.
This oddly placed wreck is the sole
relic of a terrible landslide which took
place in 1906, when the whole side of
a mountain suddenly slipped into the
lake, raising a great wave over 20
feet high, which drowned everybody
living along the shore, over 80 people
perishing. The steamer, which was
moored on the lake at the time, was
carried on the crest of the wave over
a perpendicular cliff and deposited, as
already stated, more than 300 feet
above the normal level of the water,
over a quarter of a mile away from its
anchorage. It is a torn and battered
wreck, every bit of woodwork has been
wrenched off and the twisted steel
work testifies to the force of the
wave which cast it ashore.—Wide

Ominous Reply.

Mrs. Pankhurst, at a dinner in New
York, said that the militant suffra-
gettes could not love their country as
now constituted—they could not love
her till, transformed, she gave votes
to all.

"We are in the position, omitting the
ignominy of it," Mrs. Pankhurst said
"of the beautiful chorus girl of seven
teen, who married Gobsa Golde, the
septuagenarian millionaire.

"The day of the wedding, speeding
California-ward in Gobsa Golde's mag-
nificent private car, the old man took
his bride's hand in his and said:

"Dear, do you love me for what I
am, or for what I was?"

"Tightening her cigarette in its long
tube of gold and amber, the beautiful
girl answered calmly:

"I love you, Gobsa, dear, for what
you will be."

PLEAS ENTERED AND SENTENCES ARE IMPOSED

Several pleas and sentences were made before Judge R. W. Irwin of the Washington county court Monday. Fred Weyles, a miner, entered a plea of guilty to the charge of violating the mining laws. Mr. Weyles, who is 64 years of age, frankly admitted that in hurrying his work, and not stopping to think what he was doing, he had failed to set his lamp aside to required distance when filling a cartridge with powder. He allowed the lamp to remain on his hat. Weyles said he knew better. The offense was committed at the Star mine, in Carroll township. Alexander McCarch, the mine inspector, happened to be in the mine at the time and personally saw what Weyles had done.

Judge Irwin told the defendant that these mining laws were made not only for his, the defendant's safety, but for his fellow workmen, and that a violation might mean the death of many and the destruction of valuable property. Weyles was sentenced to pay the costs and a fine of \$25, which he agreed to do.

Alfred Platt, of Washington, colored, plead guilty to a charge of non-support made by his wife. He was given a fine of \$1 and costs and three months in the workhouse.

Joseph Plaza of Atlasburg, was given the usual sentence for violating the liquor laws. This was \$500 fine and costs and three months in jail.

Frank and Rosa Gheska, of Carroll township, plead guilty to a charge of keeping a disorderly house. Both are foreigners, and permitted their home to become a resort for drinking carousing. The woman was fined \$10 and costs and the man \$15 and costs, and given to understand that the offense must not be repeated.

This Lung Remedy Known Fifteen Years

If everybody who suffers from or threatened with Lung Trouble would investigate the many cases where good relief was brought about through the use of Freeman's Alternative, a remedy which has stood the test for nearly fifteen years, a strong opinion in favor of its worth would be formed. What it has accomplished for others it may do for you. Read this testimonial: "Last December I took sudden cold, which developed into pneumonia. The doctor did all he possibly could for me, but could not get a cure. One day I saw a testimonial of the value of Freeman's Alternative, and bought a bottle of the same. I began taking it and soon felt great relief. My lungs began to clear up and I was able to get about. I am now in better health than I have been for many months. I am sure that Freeman's Alternative is a most valuable remedy for all lung troubles, whether they be pneumonia, bronchitis, or any other disease of the lungs. It is a most reliable and effective remedy, and I can heartily recommend it to all who suffer from lung trouble. For sale by all leading druggists."

Political Announcement. FREEMAN JOHNSON IS OUT FOR ASSEMBLY

Charleroi Man Announces His Candidacy for Nomination on the Washington Party Ticket.

Freeman Johnson announces candidacy as a Representative in General Assembly of Pennsylvania subject to the rules of the Washington Party.

Mr. Johnson is a member of Division 85 Amalgamated Association Street and Electrical Railway Employees of America, having served one year as executive board member of that organization. He also served 3 terms as President of the Monaca Valley Central Trades Council, an organization of which he is at present an active member.

Mr. Johnson being a candidate from the ranks of organized labor and always believing in consistent favors the Initiative, Referendum, Recall and Recall of Judicial Officers, Workmen's Compensation, Employer's Liability, Better Labor and Womens Labor, Minimum Wage Laws for Women and Child Labor.

He feels that it is time that liquor question should be eliminated from politics, and not be allowed overshadow every other issue that in the interest of the people, and believes that the passage of a Prohibition Bill is the best way to get out of politics. He favors the amendment into law of all measures which will put the government of this state where it belongs—in the hands of the people.

Catarrh of Stomach Cause of Dyspepsia

"Catarrh of the stomach is one of the most frequent causes of dyspepsia" stated Lieut. Ballard who brought back from the Philippines the famous catarrh remedy, Vin Hepatica, which is now being sold exclusively by Piper's Pharmacy in Charleroi. Dyspepsia wrecks the entire nervous system, clogs up waste matter in the intestines, which in turn poisons the blood. Half digested food in the stomach literally rots, forms poisonous gases and promotes disease of all kinds.

Vin Hepatica not only relieves this dyspeptic condition, but removes the cause—catarrh, and the patient gets immediate relief.

MAKES OLD PEOPLE STRONG AND WELL

We want to get the news to all old people about Rexall Olive Oil Emulsion, a remarkable new food-medicine which we firmly believe is the best remedy ever made to overcome the weakening debilitating effect of increasing old age. It helps to rebuild wasted tissues, strengthen the nerves, and give new energy and a lively feeling to the body. It contains no alcohol or dangerous drug. It may not make you feel better for a few days, but if you do not feel much better and stronger before you have taken a quarter as much as you have of other medicines that have not helped you, we will gladly give back your money.

Rexall Olive Oil Emulsion contains pure Olive Oil and the Hypophosphites which, though they have long been endorsed by successful physicians, are here for the first time

combined. The result is a real body, nerve and blood-building food-medicine that we believe is superior to anything else in overcoming debility, weakness and liability to disease, and to tone and strengthen the nerves and enrich the blood. You who are weak and run-down—you who are often troubled by various cold weather ailments, use Rexall Olive Oil Emulsion to get and keep well and strong. It is a sensible, pleasant-tasting aid to renewed strength, better spirits, glowing health. If it doesn't help you, come and tell us and we will give back your money without a word. That is how much faith we have in it. Sold only at the 7,000 Rexall Stores, and in this town only by us. \$1.00. Carroll's Drug Store, 623 Fallowfield avenue.
